War Between Greece and Turkey Still Possible.

PEACE NEGOTIATIONS DELAYED.

The Powers and the Sultan Far From an Agreement—Greece May Yet Have to Fight For Her Very Existence—The Turks Are Still Advancing in Defiance of the Armistice.

LONDON, June 9.—The peace negotiations do not seem to make much progress and there was considerable disquietude in Athens last evening, caused by the apparently reliable statement that the negotiations were in danger of collapsing altogether. The ministers who were questioned on the subject, however, had no definite news of an official character and expressed the opinion that the report was without foundation.

It is said on good authority that the powers are now trying to induce Turkey to sign general peace conditions, defining broad limits within which Turkey and Greece should afterward settle details by direct negotiations.

This news is regarded at Athens with dismay, as a breach of faith on the part of the powers, and as leaving Greece to the tender mercies of the sultan. It is believed by many good judges at Athens that Greece may yet have to fight for her very existence. Already there are reports that the Turks have advanced in the Agrapha district, occupied several villages and are still advancing toward the town of Agrapha. Greece has protested to the powers against this violation of the armistice, and Colonel Tsonomados, the minister of war, has gone to Lania.

Premier Nelli, who has conveyed the thanks of the government to the Greeks of New York city for five cannons, said: "The government does not forget the armistice is not peace, and that it is its duty to be prepared for every eventuality."

The Greek newspapers all publish the statement by General Miles that the positions at Thermopylae are impregnable.

Advices from Constantinople are equally pessimistic. It is alleged that Tewfik Pasha at Saturday's meeting of the council of ministers, announced that the Shiek-ul-Islam has issued a fatwa declaring that once acquired by the sacrifice of Ottoman blood can not, under the Ottoman law, be surrendered.

If this be true it will require a good deal of persuasion to induce the sultan to retire from Thessaly.

In addition to this report comes the rumor that Bulgaria has made an informal demand that Macedonia, with the exception of the province of Adrianople, shall be formed into an autonomous administration.

POWERS REMAIN FIRM.

LONDON, June 9.—A dispatch to The Times from its Constantinople correspondent says that the powers, to whom Greece has entrusted her interests, show no signs of yielding any of the three points in the Turkish demand, the annexation of Thessaly, the abolition of the capitulations in the case of Greek subjects in the Ottoman empire, or an exorbitant indemnity.

TO DETERMINE THE INDEMNITY.

PARIS, June 9.—The Temps publishes a dispatch from Constantinople saying that the report of the representatives of the British, Russian and Italian ambassadors who are going to Thessaly is intended to serve as a basis upon which to determine the amount of indemnity which Greece will have to pay Turkey as a result of the recent war between those two countries.

GERMAN OBSTRUCTION.

LONDON, June 9.—A dispatch to The Daily Chronicle from Constantinople says it is rumored that stormy scenes have taken place during sessions of the peace conference, and that German obstruction has provoked lively indignation among a majority of the ambassadors.

ONE MAN SHOT DEAD.

Riot Among the Polish Miners at Minonk, Illinois.

MINONK, June 9.—The Polish miners in this city to the number of 100 went to the shaft yesterday morning and attempted to persuade the men who were working to stop work. A. J. Morgan, general superintendent of the mines there, tried to keep the miners away, and after firing two shots into the ground, shot John Weterki, killing him instantly.

The miners then attacked Morgan and beat and kicked him. When rescued he was unconscious, and his death is momentarily expected.

Mayor Kipp has appointed a large number of special officers to patrol the city, as further outbreak is expected.

FACTORY FIRE IN ST. LOUIS.

ST. LOUIS, June 9.—The factory of the Udell Woodenware company at Ninth and Spruce streets was destroyed by fire last night. The firm estimates its loss on stock at \$60,000. The 5-story brick building in which the plant was located was damaged to the extent of \$40,000. Insurance covers the loss. No cause for the fire is known.

WHITE REACHES HIS DESTINATION.

BERLIN, June 9.—Andrew D. White, the new United States ambassador to Germany, accompanied by his family, have arrived here.

DUTY ON COTTON.

It Is the First Time in the History of Tariff Legislation.

WASHINGTON, June 9.—By the decisive vote of 42 to 19 the senate yesterday adopted an amendment to the tariff bill placing raw cotton, the great product of the south, on the dutiable list at 20 per cent ad valorem. It is the first time in the history of tariff legislation that a duty on cotton has been incorporated in a bill. The amendment was proposed by Mr. Bacon (Dem., Ga.) on his individual responsibility and without the approval of the finance committee, which thus far has been requisite to the success of every amendment except a minor one which went through by default.

The amendment led to a spirited debate, Democratic senators disclosing a wide difference of views and at times exchanging sharp personal criticisms. On the final vote six Democrats, Bacon and Clay of Georgia, McNary of Louisiana, McLanin and Tillman of South Carolina and Rawlins of Utah, voted with the Republicans for the Bacon amendment, while the negative vote was solidly Democratic with one exception, Kyle (Pop.).

The debate on cotton took up most of the day and but little progress was made on the bill. Early in the day the sugar schedule was passed over and the agricultural schedule taken up. The paragraph on cattle went over, but the balance of the agricultural schedule, up to and including paragraph 228, was agreed to as reported, all amendments except that of Mr. Bacon's being rejected.

At 5:20 the senate went into executive session and soon after adjourned.

FOUGHT OVER CUBA.

Americans and Spaniards Have a Pitched Battle at Vera Cruz, Mexico.

NEW YORK, June 9.—A dispatch to The Herald from the City of Mexico says: A conflict has occurred at Vera Cruz between 20 marines of the Spanish garrat Nueva Espana and Jos. Lang and Charles Holbrook of Texas and about a score of Mexicans who sympathized with the Americans. The Texas men used their knives and the marines their bayonets. The Mexicans were not armed, but they rendered effective assistance to the Americans. The trouble was ended only by the appearance of a large force of police and a company of 100 soldiers, ordered out by the authorities.

The fight was caused by the marines, who shouted "Viva Cuba Espana" in the streets. This was answered by cries of "Cuba Libre" from the Americans. They were immediately attacked by the Spanish and would unquestionably have been killed had it not been for the assistance of the citizens of Vera Cruz, who, seeing their peril and noting the fact that they were overwhelmingly outnumbered, hastened to their assistance. The police arrested the whole party, but the consuls of both nations interceded in their countrymen's behalf and all were released.

CABINET MEETING.

WASHINGTON, June 9.—The cabinet meeting yesterday lasted longer than usual. The Cuban situation was discussed in a general way but the most important subject presented was the Spanish mission. The availability of three men for this important post at Madrid was carefully canvassed, but no decision was reached. One of the cabinet officers said after the meeting that the selection was still open and will now go over until the president's return from the Nashville trip. It may be that the nonappearance of Mr. Calhoun may have had something to do with postponing action.

DEATH FROM A BLOW OF THE FIST.

NEW YORK, June 9.—James Mannix died yesterday at Fishkill Landing from the effects of a blow of the fist struck by a brick yard workman the day before. The blow caused concussion of the brain. The identity of the man who committed the assault is unknown. Three arrests have been made on suspicion.

UHL HITS THE EMPEROR GOODBY.

BERLIN, June 9.—The retiring United States ambassador, Edwin F. Uhl, held his farewell audience of Emperor William at noon yesterday and presented his letters of recall. The under secretary for the foreign office, Baron von Rotenham, was present at the interview.

COLTON'S SLAYER PLEADS INSANITY.

MIDDLESBORO, Ky., June 9.—The examining trial of Dugan for the killing of Colton is in progress at Pineville. The plea of insanity has been set up. A thousand people are present. The trial is very exciting, but there is no disorder.

CONGRESSMAN CARMACK III.

NASHVILLE, June 9.—Congressman E. W. Carmack of the Memphis district is detained in Columbia by trouble with his eyes. He was en route to Washington and may not be able to travel for several days.

STRAWBERRIES BADLY BLASTED.

PIERCETON, Ind., June 9.—The outlook for a large yield of strawberries, which was apparent a few days ago, was blasted by an early June frost. This is the center of the northern Indiana small fruit belt, and the loss is severely felt by many growers.

TURKEY'S PERIL.

NEW YORK, June 9.—A special to The Herald from Corfu says: M. Zamaeos, the war minister, is leaving Athens for Lania. Turkey is still reinforcing in Thessaly and the ambassadors redemanding an explanation.

DUE TO CARELESSNESS

Terrific Explosion in a Fireworks Factory.

TWENTY-SIX PEOPLE INJURED.

A Match Carelessly Dropped by One of the Workmen Causes the Disaster—Nearly All the Windows in the Block Were Demolished, While the Factory Building Was Badly Damaged.

CHICAGO, June 9.—A match carelessly dropped by one of the workmen in the fireworks factory of M. Shure at the corner of West Van Buren and Halstead street caused a terrific explosion a few minutes after 6 o'clock last night. It was shortly after the closing time of the factory and many of the workmen had gone home, otherwise the loss of life would have been very heavy. As it was a number of the employees were badly hurt, and the flying rockets and candles struck several people who were passing on street cars and on the sidewalks. Following is the list of the injured:

Mrs. Maggie Kenny, struck by a runaway horse; bruised and cut; has since died.

Miss Minnie Theay, bruised and cut. M. Shure, proprietor fireworks factory, badly cut by glass.

George Grant, cut by glass.

Mrs. Kate Grant, cut by glass.

Obin Lemper, cut on head by falling beam.

Fred A. Stiles, motorist on passing cable car, severely bruised and cut by being thrown from his car.

Andrew Lawson, conductor on the same train, bruised by being thrown from car.

C. N. Smith, cut by glass while walking the street.

Philip Shepard, struck in the back by skyrocket, while on the opposite side of the street; unconscious and badly hurt.

J. P. Harris, cut by glass.

Edward Hayes, passenger on cable car, head cut by falling glass.

Samuel Brasnik, tailor, jumped from a balcony, leg broken.

John Brehwarer, back out.

William Blah, injured by a runaway horse.

Max Braselek, spine injured by fall.

Patrick Hussey, struck by a falling beam and several fractures.

Unknown boy, run over by Fire Chief Swenley's buggy.

Oscar Behlke, clerk for Yonderoff Brothers, struck by falling walls, not seriously.

C. Gordon, hurled through a plate glass window into a saloon, badly cut.

The following were slightly injured by flying glass, but all are expected to recover: Nellie Burke, Peter Bullett, Ludwig Zisow, Frank Pickle, Charles Cardiff, Alpha Jones.

The force of the explosion was so great that nearly all the windows in the block were demolished, and the Shure building, which is a 4-story structure, was badly damaged. Immediately following the explosion the building was ablaze from cellar to roof, and the fire department had a desperate struggle before it succeeded in extinguishing the flames. The building was almost entirely destroyed by the fire, however, and such portions of the large stock of fireworks as had not been scattered throughout the neighborhood by the explosion were destroyed, causing a heavy loss to Shure.

The explosion caused a wild panic in that portion of the town for a time, and the wildest stories were current regarding the number of killed and wounded. It happened at a time when the street was crowded with people on their way to their homes, and the street cars which pass the front of the building every minute, were densely crowded with passengers. The flying missiles from the factory struck and injured a number of people on the cars.

One man who was gazing into a store window fully 400 feet distant had his attention suddenly attracted to other matters by a rocket which hit him squarely in the back. He fell to the sidewalk unconscious, and was carried to the hospital before he was able to give his name.

The majority of those injured have received but trifling hurts and will be around within a day or two.

The loss to the building and contents is estimated at \$60,000.

TRAGEDY IN A COURTROOM.

An Attorney Kills His Opposing Counsel With a Pistol.

JUNCTION CITY, Ark., June 9.—A bloody tragedy was enacted here yesterday in a justice's courtroom in which W. B. Coffee of Eldorado was murdered by J. J. Sheppard of the same place. Both men were lawyers. Coffee and Sheppard were opposing counsel in a trial before Justice Wright.

During the progress of the case the attorneys became involved in a dispute and abused each other, shocking propriety being used. Coffee picked up a chair and Sheppard drew a pistol and fired four shots in rapid succession into Coffee's body, killing him almost instantly. Sheppard is in the city calaboose under a heavy guard to prevent lynching.

MUNICH, June 9.—Lightning struck a powder factory yesterday, situated about three miles from Rosenheim, exploding 11,000 pounds of gunpowder. The doors of houses at Rosenheim and at Stephans-Kirchen, about a mile and a half from Rosenheim, were torn from their hinges, big trees were uprooted and 11 houses were shattered. But in spite of the fearful force of the explosion there was no loss of life.

PUSHING THE POSITION.

The Striking Tailors in New York City Assume the Aggressive.

NEW YORK, June 9.—Not since the commencement of the strike nearly four weeks ago, have the striking tailors exhibited such a boisterous disposition as that which marked their every move yesterday. Inspired with new ideas, incited at Monday night's meeting in Cooper union, committees armed with authority from the Brotherhood of Tailors, called on the nonunion men employed in shops where proprietors have, up to the present, ignored the settlement committee.

Contractor Rottenberger, in East Houston street, whom they first visited protested against the interference of the committee and sent for the police. Before the arrival of the latter 25 nonunion men were induced to quit and leave the building. A fight between Rottenberger and the picket followed which resulted in slight injury to the former and the arrest of the latter.

The committee then called on Contractor Tack in Attorney street and lessened his force by 25. When going up stairs somebody shouted "fire," and the horse was soon in an uproar. In obedience to the order of the union party, 20 operators left their benches and went to the rendezvous of the striking tailors in Orchard street.

The last place in this tour visited by the picket force was the shop of Contractor Samuel Lewis in Delancey street, where 22 hands quit work. A boy was sent for the police, but was held captive by the pickets until they thought fit to withdraw.

Meanwhile Louis Stubeck, proprietor of a sweat shop in Willett street, was defending himself with a revolver at Broome and Pitt streets from the fury of a mob of 500 striking tailors. The sight of the weapon kept the mob at a distance until the intervention of a policeman, who escorted the frightened contractor to his home. The strikers in assigning a reason for the attempted onslaught on Stubeck said that he never paid his operators.

According to the strike bulletin issued early in the day over 5,000 coat makers and 1,200 children's jacket makers resumed work yesterday under conditions stipulated by the brotherhood of tailors.

TARIFF SCHEDULES.

Republicans Agree to Vote Solidly on All Questions.

WASHINGTON, June 9.—The caucus of Republican senators yesterday adopted unanimously a resolution that they will vote as one man on all the leading items of the tariff bill that have heretofore provoked antagonisms. This means that they will band solidly together when it comes to sugar, beer and tobacco, hides, tea, wool, etc.

The most important action of the caucus was the proposed change in the sugar schedule. An amendment offered by Mr. Aldrich fixes the differential rate of duty at one-fifth of a cent specific instead of one-fourth of a cent, as originally drafted in the pending bill.

It is in effect a compromise between the house and senate rates. The ad valorem rate has been stricken out, and commenting on that fact Senator Vest said, after he had been informed of the caucus action:

"It is much better than it was; it is had enough as it is. However, there is consolation in knowing the change will make the sugar trust people groan and some of their friends in congress will mourn. By eliminating the senate ad valorem rate, the undervaluation of raw sugars can be prevented and the overvaluation of the refined article ought also to be imposed."

The abrogation of the Hawaiian treaty was discussed, but no conclusion reached when the caucus adjourned.

JESSE GRANT'S CONCESSIONS.

He Can Have All He Finds in the Gulf of California Islands.

SAN FRANCISCO, June 9.—The schooner Emma and Louise sailed for Guaymas, Mex., a few days ago laden with lumber. Beyond this commonplace trading trip, however, is an exploring expedition of which Jesse D. Grant of San Diego, son of the late General Grant, is the backer. Some months ago Grant obtained a concession from the Mexican government to explore all the islands of the Gulf of California lying north of the 29th degree of latitude, he to have all the guano and minerals discovered, the Mexican government to receive 10 per cent of the proceeds.

The 29th degree divides Tibaron island, which is inhabited by a man-eating tribe of Cori Indians, and it is proposed to prospect the northern half for minerals. Angel de la Guadalupe, the largest island in the gulf, lies entirely within the Grant concession. It is believed the island is rich in minerals, although it has never been thoroughly explored.

EX-MAYOR AND BANKER SHOT.

CLARKESDALE, Miss., June 9.—Ex-Mayor G. B. Mosley, a banker of this town, was shot and killed yesterday by Mayor G. W. Wise in the street in front of the latter's office. Wise is in custody. A small lawsuit, in which Mosley was interested, was tried before the mayor last week and the decision of the latter displeased Mosley. The ill feeling has been growing since, culminating in yesterday's shooting. Both men had firearms and opinions differ as to which first made a threatening movement.

DEATH OF A MILLIONAIRE.

NEW YORK, June 9.—Joseph Richardson, an eccentric millionaire, died here yesterday. He made his fortune in railroad building and was closely associated with the Vanderbilts and Goulds.

GAVE IN TO THE MOB.

More About the Lynching at Urbana, Ohio.

SHERIFF MCLAIN'S EXPLANATION.

He Ordered the Springfield Troops to Return Home When He Found That the Military Force Was Not Sufficient to Resist the Mob—Various Other Ohio State News Dispatches.

URBANA, O., June 9.—Excitement over the lynching of Click Mitchell last week has entirely subsided, although the subject is talked about by everyone you meet. Sheriff McLain has resumed his duties. In an interview yesterday he made an acknowledgment which should settle all the talk about Mayor Ganzen impersonating him on the morning of the lynching and ordering the Springfield company of militia to return home. The sheriff said that Captain Bradbury reported to him on his arrival here with his company and they both came to the conclusion that the combined force of the two companies could not hold the jail against the mob and they would not undertake it.

Then Sheriff McLain ordered the Springfield company to move away from the jail. Some of the leaders of the mob had got into the jail, and were threatening to hang him if he allowed the militia to remain.

The victims of the riot are all improving. Wank, with two bullet shots in his hip and leg, is feeling improved. Ganey, shot through the left shin bone, is better, and his physician thinks that unless gangrene should set in, he will be the savior. George Ellicott, chin shot, has removed the bandage. Jack McKeever's arm is better. Dickerson and Bowen are living in the country, but are reported improving. Dr. Thompson of North Lewisburg, shot over the left eye, was at his office yesterday for the first time.

SCHLATTER ALIVE.

The Divine Healer Did Not Starve to Death in the Mountains.

CLEVELAND, June 9.—A man who declares that he is Francis Schlatter, the alleged healer who was reported to have starved to death in Mexico, arrived in Cleveland yesterday and is stopping at a boardinghouse on Huron street. With him is a man named Hollandberger of New York, who says they intend to open an institute in this city.

It is difficult to prove or disprove the claim of the alleged healer, because if he is Schlatter, he has shaved his beard entirely off, but there is certainly a strong resemblance between his features and some of the published pictures of Schlatter. He laughed when his attention was directed to the starvation story and declared that he had been visiting his mother at Bordeaux, a few miles from Nashville. Schlatter says that at once he will engage a theater or church in which to give clinics.

OHIO COAL OUTPUT.

Less Mined in 1896 Than There Was the Previous Year.

COLUMBUS, O., June 9.—The report of State Mine Inspector Haseltine for the year 1896, shows 12,912,008 tons of coal were mined in this state, compared with 13,638,579 the previous year.

Perry county takes the lead with 1,703,816 tons, and Jackson county second with 1,651,109 tons. During the year at different times there were 28,446 men employed in mining, about the same as the previous year. In each county an average of 27 1-2 weeks were worked, compared with 28 the previous year.

FARMER SUICIDES IN A WAGON.

LIMA, O., June 9.—John Robbins, a prosperous farmer, living near Rockford, was found dead in his wagon. He drove to town and bought morphine, which he took. Despondency over the death of his wife is the supposed cause.

At the election for School Trustees in Petersburg precinct, Lewis County Saturday a fight was waged in which D. D. Lykins, the Republican candidate for Legislature, took a hand and threw the officers out of the building and tore up the poll-book, it is said. Of course the Courier-Journal will charge this lawlessness up to the "silverites."

The Richmond Register, which last fall refused to support Mr. Bryan, and is under the same management now, is supporting all the regular Democratic candidates. It has the rooster at the head of the column, under which it places Sam J. Shackelford, for Clerk of Court of Appeals, Thomas J. Scott, for Circuit Judge, Ben. A. Crutcher for Commonwealth's Attorney, and all the Democratic nominees for county offices in Madison.—Winchester Democrat.

The Register is not the only anti-Bryan paper that has dropped into line and is now marching under the Democratic banner.

REPUBLICAN DEFEAT

Predicted in Ohio By Governor Bradley, of Kentucky—A Shot at Hanna.

LEXINGTON, June 7.—There was a most extraordinary conversation in the Frankfort depot yesterday between Governor Bradley and one of his Republican friends. The Governor was just starting for Cincinnati to have his throat treated, and was discussing politics in general, and the situation in Kentucky and Ohio in particular. The Governor expressed hope that the Republicans might again carry Kentucky.

"How about Ohio?" asked the friend. "The Democrats will carry Ohio and elect a Senator," said the Governor. "Hanna will be defeated, and he will be the worst despised man in America."

CONVICT SINCLAIR,

Who "Escaped" From the Frankfort Pen, Gets Good Treatment From the Officials.

FRANKFORT, K., June 8.—Convict Sinclair, who was a damaging witness against the Republican administration in the recent penitentiary investigation, and who "escaped" from the penitentiary at a time just before he was to be recalled before the committee, is not treated as ordinary inmates of the pen.

Sinclair was brought back from Cincinnati, where he was "captured," and was not even handcuffed when he arrived here in charge of a guard.

The rules of the prison are that convicts who escape or attempt to escape, forfeit their "good time," and as an additional punishment are required to work in the sanding room, the most disagreeable department of the chair factory, and are not allowed any of the privileges of trustees. Sinclair, however, seems to have both State and penitentiary officials hypnotized, and none of the penalties usually visited upon those guilty of such a breach of discipline has been resorted to in his case.

Some of the officials give as an excuse for this extraordinary show of favoritism, their belief that Sinclair is mentally unbalanced, which, if true, still makes the action of Warden Hancock in placing him in the responsible position as hook-keeper absolutely inexcusable.

HARRIS HAS A GOOD SHOW.

It Will be Here To-morrow—It Does a Big Business in the Wake of Other Shows.

[Gainesville (Ga.) Sunday, December 4th.]

"Walter Main's" show was here Thursday and exhibited a good menagerie, and Harris' Nickel Plate Show was here yesterday and gave a good performance.

"In praise of Harris' Nickel Plate Show too much cannot be said. Mr. Harris has made for himself a name to be envied by the exceptionally high merited performances he gives to the public under his large canvas. Many people came to see the show yesterday, and those who were fortunate enough to come saw one of the best performances in a circus ring ever witnessed in Gainesville.

"Little Frankie Harris, an acrobat of enviable reputation, who delighted the public of Gainesville last winter, was again in the ring yesterday and his wonderful feats awoke outbursts of applause. He is a favorite with circus-goers.

"All in all, Mr. Harris gives a performance that is seldom excelled. Everything breathes a spirit of neatness. The costumes are clean and the performance accords with them. The clowns do their work well and know how to make the people laugh."

This show will give two performances at the ball park to-morrow afternoon.

BROWN COUNTY DEMOCRATS.

They Are Wide Awake in Democracy's Cause—Couldn't Agree on Treasurer.

GEORGETOWN, OHIO, June 7.—That old Brown County has the inspiration of the approaching tidal wave of Democratic victory that will surely sweep over the country was demonstrated at the rousing convention here to-day. The convention hall was filled to overflowing, as it was the return from the popular vote system to the convention and gave the Democracy a chance to freely express their feelings on the free and unlimited coinage of silver, which it sanctioned unanimously.

At the afternoon session it unanimously indorsed E. B. Stivers as Representative; Charles Gordon, Surveyor; Jesse Cahall, Infirmary Director, and James Holman, Commissioner. On the County Treasurer, after balloting 148 times, endeavoring to decide between Lewis Mischler, Thomas Davis and William Waters, the convention adjourned, giving the Election Board notice to call a new primary and convention for this selection.

He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial bottles free at J. James Wood's drug store.

The closing exercises of the Maysville High School will be held at Washington Opera House, Thursday evening, June 10th. The program, which appears below, is one of unusual interest. Col. As an orator and a lawyer he ranks high. Miss Caldwell, who makes her first appearance in our city Thursday evening, comes with the highest recommendations from Mrs. Corinne Moore Lawson and Mr. B. KILLED BY MINERS.

Mr. Andrew Morgan Beaten To Death Tuesday by Riotous Poles.

Ex-Maysville Citizen's Sad Fate at Minonk, Illinois—Remains to Be Brought Here.

A telegram received here Tuesday afternoon brought news of the death of Mr. Andrew Morgan at Minonk, Ill. A telegram a few hours previous announced his critical condition, and this was followed soon by the sad news of his death. No particulars were given, but the following dispatch to the Cincinnati Post tells how Mr. Morgan received his fatal injuries:

MINONK, ILL., June 8.—The Polish miners in this city to the number of 100 went to the shaft this morning and attempted to persuade the men who were working to stop work. A. J. Morgan, General Superintendent of the mines there, tried to keep the miners away, and after firing two shots into the ground, shot John Weterki, killing him instantly.

The miners then attacked Morgan and beat and kicked him. When rescued he was unconscious, and his death is momentarily expected.

Mayor Kipp has appointed a large number of special officers to patrol the city, as further outbreak is expected to-night.

Deceased was about thirty-five years of age and was a son of Mrs. Dr. H. C. Morgan, of West Second street, this city. His wife, who was Miss Lizzie Ranson, survives him and he leaves three children, all daughters. Mr. Morgan had been connected with the mining company at Minonk for about five years, and by his excellent business qualities and close application had won his way up to the responsible position he held with the company. His genial disposition made him popular wherever he went, and his many friends in this city and county will be shocked by the news of his sad fate.

Mr. F. B. Ranson and Miss Tillie Ranson left for Minonk this morning. They will leave there to-morrow morning for this city with the remains, and the funeral will probably occur sometime Friday. The funeral arrangements will be announced to-morrow.

The Suspicion About Louisville School Census—Some Interesting Figures.

FRANKFORT, KY., June 8.—Supt. of Public Instruction Davidson has informed the Louisville School Board that it will be compelled to bring a mandamus suit against him before it will be given credit for 82,048 children of school age, as reported to him this year.

This is one-eighth of all the children of school age in the State, while the total population of Louisville is only one-twelfth of the State's population.

In 1896 the Louisville school officers reported 21,930 more children of a school age than the United States census showed.

GUARDS ORDERED

To Protect Tollgate No. 3 on the Maysville and Lexington Pike, Under the New Law.

Mr. John H. Cogan, keeper of gate No. 3 on the Maysville and Lexington Turnpike, filed affidavit with County Judge Hutchins Tuesday afternoon about 4 o'clock, stating that he believed two or more persons have banded together for the purpose of injuring and destroying the gate and toll-house, and also for the purpose of intimidating him and preventing the collection of toll, and that unless said gate is protected by guards it will be destroyed, and he as keeper will sustain personal injury.

Mr. Cogan stated that he had been threatened with personal violence, repeatedly, by letter and by persons, if he continues to perform his duties as gate-keeper.

The affidavit was filed in accordance with the anti-mob law, recently passed by the Legislature.

Judge Hutchins at once issued an order requiring the Sheriff to summon a guard and protect the gates. The order was sent to Deputy Sheriff Roberson, but he received it too late to summon guards and arm them for duty last night.

The necessary arms (Winchester rifles likely) will be procured to day, and he will have his men on duty to-night.

The law says he may summon from two to ten men.

Superintendent of Public Instruction Davidson mailed checks Tuesday to the County Superintendents of Schools and Boards of Education of cities for the entire balance due teachers for the school year ended in June. LOUISVILLE TOBACCO MARKET.

It Was Very Active Last Week, With a General Improvement in Prices. The Outlook.

[Furnished by Glover & Durrell, Louisville Tobacco Market.]

Sales on our market for the week just closed amount to 2,072 bbls., with receipts for the same period 1,760. Sales on our market since January 1st amount to 80,983 bbls. Sales of the crop of 1896 on our market to this date amount to 6,971 bbls.

We have had a very active market with a general improvement in prices over the advance reported previous week. The medium to good grades of red fillers have shown a decided advance, and sales were frequent at prices ranging from \$12 to \$16. The common grades of old burley have met good competition and have been taken at higher prices. The market all along the line has developed more strength and activity than at any other time during this year.

Since our report of a week ago many parts of the tobacco sections have been favored by rain; in some localities, however, the rainfall was very light and did not afford a satisfactory planting season. In some sections plants are small and the farmers have been backward in preparing their ground, and it is difficult just at this time to make anything like an accurate estimate as to what percentage of the intended crop has been put on the hill, but the planting is certainly not as far advanced as usual at this date, and the preparations for a crop have not been nearly so extensive as last year and under the most favorable weather conditions there will unquestionably be a falling off in the acreage planted as compared with recent years.

The following quotations fairly represent our market for burley tobacco (1896) crop:

Trash (dark or damaged).....	1 50@ 2 50
Common color trash.....	2 50@ 4 50
Medium to good color trash.....	4 50@ 7 50
Common lugs, not color.....	3 00@ 5 00
Common color lugs.....	5 00@ 7 00
Medium to good color lugs.....	7 50@ 10 00
Common to medium leaf.....	6 50@ 10 00
Medium to good leaf.....	10 00@ 11 00
Good to fine leaf.....	13 00@ 16 00
Select wrap leaf.....	16 00@ 17 50

The above quotations are not applicable to green and frost-dried crops.

The man with a weight on his leg can't hope to win in the race. A man with a weight on his health can't expect to compete in life and business with those who are not handicapped. If his brain is heavy, and his blood sluggish, because of constipation, he will not succeed in doing anything very well. Constipation is the cause of nine-tenths of all sickness. Symptoms of it are: salivaceous, listlessness, poor appetite, bad taste in the mouth, dizziness, biliousness, and lassitude. Constipation can be cured easily and certainly by the use of Dr. Pierce's Pleasant Pellets. They are not at all violent in their action, and yet they are more certain than many medicines which are so strong that they put the system all out of order. The great advantage of the "Pleasant Pellets" is that they cure permanently.

SCOTTSBURG, Ind., June 9.—Probably the largest living family in Indiana today is that of John Lynch, who resides on a farm near Little York, 12 miles west of here. Mr. Lynch is the father of 23 children, all living and enjoying good health. There are 12 sons and 11 daughters, most of them are married and have families of their own. He has only been married once, and his estimable wife is still living. Though quite old, both are hale and hearty, and are mentally and physically sound.

Mr. Lynch still cultivates his own farm, and can do as much work in a day, it is said, as any two of his sons. His grandchildren already number over 60.

IRON HALL FUNDS.

Indiana Is to Receive the Taxes on Property Held in That State.

INDIANAPOLIS, June 9.—The supreme court yesterday reversed the decision of the lower court, in which an injunction was granted forbidding the county auditor and treasurer from collecting taxes against \$522,847 Iron Hall funds, which Receiver Failey held on deposit in the banks of this city.

The appellants contended that the taxes should be assessed against the 45,000 members of the order, scattered over the country.

The decision yesterday holds that as the property is in the hands of the receiver in this state, it comes within the jurisdiction of the state. The taxes amount to \$3,626.96.

CHASED BY A BICYCLE POSSE.

Rounded to and Captured After Sixteen Shots Had Been Exchanged.

KOKOMO, Ind., June 9.—Roy Charles, 19 years old, stole a watch, jewelry and a bicycle from the home of "Squire" Rice, near here. A son of the "squire" led a posse on wheels in pursuit, overtaking Charles near Middle Fork, after a chase of 15 miles.

Upon being brought to bay Charles opened fire with his revolver, and 16 shots were exchanged. A bullet in the wrist disabled him, and he was captured and brought to this city, where he was placed in jail. Upon arrival here he was found to be bound tightly from head to foot with harness straps.

Traveling Man Shoot Himself.

INDIANAPOLIS, June 9.—James A. Richardson, a traveling salesman, shot himself in the head in his room at the European hotel, on South Illinois street, early yesterday morning. WASHINGTON, Ind., June 9.—A beautiful young lady, whose glory was a magnificent suit of hair, in her sleep the other night at her suburban home, left her couch, went to an adjoining room and cut off her hair close to her head. In the morning she was inconsolable.

Killed Her Lover.

HUNTINGTON, W. Va., June 9.—Florence Williams killed her lover in McDowell county yesterday evening, after a heated quarrel, and escaped. Both are members of prominent families. There is much excitement over the matter. The man was killed in a fit of jealousy and was at the time preparing to take up a large tract of timber land to make ties for the Lake Shore and Michigan Southern railroad.

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

GERMANTOWN.

Elder W. W. Hall spent a day in town last week socially.

Mrs. Amos and Miss Ursula Mullikin are visiting at Ewing Station.

Dr. Hal Dimmitt and family, of Mayslick, visited his parents last week.

J. T. Frazee and wife, of Maysville, spent a day at J. H. Walton's last week.

Net proceeds of the strawberry supper given by the Ladies' Aid Society on Saturday evening amounted to about \$20.

Miss Grace Pepper is at home after filling her ten months professorship at Campion, Ky., to the satisfaction of the patrons of the school. She looks as though the mountain air agreed with her.

C. C. Erwin, a confirmed but very popular old bachelor, was elected school trustee without opposition to see to the interest of the rising generation for the next three years. All the old bachelors deserve such a fate.

A good many parties from the neighborhood of Shannon passed through here on Saturday with harvesters, purchased of the agent at Augusta, John I. Winter. He had sold 110 machines up to that date. The many harvesting machines bought by the farmers, the numerous buggies and carriages just from the factories being imported and lastly the many new wheels that are spinning through our streets are convincing evidence that "prosperity" has arrived. If it would only strike the doctors a glancing lick they would be happy.

There are several very attractive young ladies visiting at the elegant home of Miss Mary Walton, but we know not their names or habitation. Persons having friends visiting them, or other items of interest, will please leave notice of the same at T. M. Dora's, agent of the Bulletin, or with the writer, corner Water and Main streets, and they will not only accommodate the correspondent but help to make the paper interesting. If all those who wait for the little daily to "see a copy just a minute" or borrow their neighbor's paper just "to look over it" would become subscribers the list would be a long one.

SPRINGDALE.

Elder T. E. White preached at Bethany Sunday.

The many friends of Miss Amy Goddard are very sorry to hear of her serious illness.

And now what? A road supervisor has been arrested for ordering a band to go to work.

The school election at this place passed off quietly. All was peace and good will, though that fell was threadbare and could not quite cover some hideous faces behind good men.

There were six candidates but some fell by the wayside, and one candidate had a very severe attack of heart trouble, about the closing hour. By a hard pull, a strong pull and a pull together Charles Moore and G. D. Jenkins got one ahead and the curtain fell.

Whooping cough is raging here.

Ernest Dobyns, of Mt. Gilead, is here visiting relatives.

Seldon Bramel has returned from Cincinnati where he took his daughter for medical treatment.

Misses Lillie Bramel and Maud Goodman, and Mr. Kinsey Stone, of Mt. Gilead, attended services at Millcreek Sunday night.

Mr. and Mrs. John Walker and bright little daughter, of near Washington, were pleasant guests of Miss Will H. Harrison Sunday and attended Children's Day services at Millcreek.

Children's Day services at Millcreek Sunday maintained the reputation the church has so fairly won. The weather was everything that could be desired. The audience was large and select. The pulpit was a hower of beauty. The recitations by the young ladies reflected credit on those who took part. The singing was beautiful. It was diversified and improved by some outside help received from visitors. The addresses by Will Walker and Rev. Schoonover were thoughtful and instructive. The following was the program:
